Highlights

- National rounds played were stable in August, with a slight increase compared to the same period last year.
- Atlantic Canada's exceptional performance in August, with strong participation driven by favorable weather, helped boost the national figures for both the month and YTD.
- Quebec, Alberta, and British Columbia saw flat or declining rounds played in August likely due to challenging weather conditions in the regions.
- Manitoba and Saskatchewan experienced moderate growth, with rounds increasing despite varying weather patterns.
