The Marshes represents the final design collaboration between Robert Trent Jones, Jr. and Sr. The designers were presented with an unusual site that encompassed many natural features such as wetlands, meadows, and hardwood forests. The course was carefully routed around these natural features to enhance the golfing experience and to provide a strategic interest.

Marchwood, an Executive Par 3 course, is a truly unique small scale version of The Marshes. This course was designed for golfers by golfers. It represents a true test of golfing ability, but allows you to get around in a short time.

Designed for fun and excitement, kids and adults can test their golfing skills. Blackbird Falls offers bunkers and water hazards, just like a full-size course, but on a smaller scale. Situated adjacent to the Marshes Golf Club, this 18-hole, par-42 putting course is a must experience.
